**Jourdan Hussein, Regional Manager for New Mobility Products, GRAB, Singapore**

Jourdan Hussein is the Regional Manager for New Mobility Products at Grab. He incubated and launched Grab's "Trip Planner" (an online platform of public transport services with real-time data integrated with Grab's services) in four Grab Markets and is continuously iterating to launch more new affordable products to serve the mass market of Southeast Asia. His role enables him to collaborate with governments and public transport agencies regionally. Jourdan's professional experiences span from public sector to technology companies in the US and Southeast Asia.
